## Friday 14th July

### Learning this week

**English:** This week in English we have been reading different poems about family members and characters. We listened to a poem and imagined what the character was like and drew it. We then wrote similes for the different parts of the characters body. We then thought of our own family member or character and drew them and described them. This is ready for next week when we plan and write our own poem about them.

**Maths:** This week we have been learning about money. We have been learning about how we count coins and notes. We have also been working out different ways to make amounts of money. EG £1.00 we can also make it with a 50p and 50p.

## African Workshop

On Monday morning, we have an African music workshop at the Common. We will be leaving at 10.00 and will be back at school by 1.30. The workshop will finish at 12.00 but we want to have lunch there so that the children can have a play afterwards. This means that all children must come to school with a packed lunch on Monday.
