

## Reading

Please continue to read with your child and record it in their reading record book. Also, please ensure that your child brings in their reading book each day to school.

## SATs are over!

The children have worked incredibly hard this week. They have been very patient and had a go at everything. Well done Year 2! We will be having a fruit tasting session next Friday as a treat for working so hard during the SATs. If your child is not allowed any particular fruit, please send me a note in the Link book. Thank you.

## Fine diner/Proud cloud

Our fine diner is **Jayden** for always having excellent manners when choosing his lunch.

Our proud cloud is **Sylvie** for trying hard all week and not giving up. Well done!

## Have a lovely weekend! 😊

## Thursday 19<sup>th</sup> May

## Learning this week

**English:** This week in English we have continued to learn about Instructions. We wrote our instructions for making a Chapati and then we edited and improved them.

**Maths:** This week we continued learning about multiplication. We learnt how to make multiplication arrays out of cubes to help solve multiplication questions. We used this method to help us solve multiplication word problems. When checking our answers we used the inverse operation. We also used arrays to solve division problems.

## Pre-Learning

**English:** Next week in English we will be learning about contractions and possessive apostrophes. When you are reading at home with your child please could you look out for any contractions or possessive apostrophes? If you find one please discuss with your child what they are and why they are in the sentence.

**Maths:** We will be looking at properties of number. It would be beneficial for your child to revise H,T,U and odd and even numbers.
