

This week

Our highlight of the week was watching the children in our class assembly. The children planned the assembly themselves and they made us all very proud! Well done Dahl class!

A special mention to our Proud Cloud this week who is Micah for showing his fantastic football skills at football club and great sportsmanship, well done!

Our Fine Diner award this week goes to Zak, who was nominated by his peers, for always eating nicely in the lunch hall and helping other children.

Our scientist of the week this week goes to Velko, for a very detailed description of reproduction in mammals using all of the scientific key words.

Dahl Class Newsletter

Thursday 18th May

We hope you all have a fantastic weekend! 😊

Mrs Gilham, Mrs Foster and Mrs Holmes

Maths and English

This week in maths the children have been learning about circles and we went on a circle hunt to measure circumference, diameter, radius and a chord. We then have learnt about symmetry and reflecting shapes.

In English this week, we have continued our unit on news reports, following the Talk for Writing model. We have been writing a news report on the Greek Myth 'Battle of Marathon'. The children have been including all of the key features of a news report ready to write their own one next week.

Sharing Morning and Afternoon

It is our sharing morning (8.30-9) and afternoon (1:45-2:15) next Friday 26th. Please come in and see your children's learning in the classroom. We would love to see as many of you as possible.

Pre learning

This week's pre learning/ pre viewing is:
English: The children were unaware of the differences between a broadsheet and a tabloid newspaper, could you read a section from both and see if the children can spot the differences.
Maths: We are going to be learning about co-ordinates and translating of shapes, could you recap this with your children at home.
