

This week

Our highlight of the week was dissecting a plant. We were fascinated and totally engaged in our learning for science and we can't wait to take part in more experiments!

A special mention to our Proud Cloud this week who is Mylo, for being a science whizz and using his prior knowledge of photosynthesis to teach others in our science lesson.

Our Fine Diner award this week goes to Eli, who was nominated by his peers, for sitting with anyone and including people in the lunch hall.

Our Scientist of the week is Chloe for working scientifically during our dissection by beautifully labelling and annotating her plant in detail and using key scientific words to describe sexual reproduction in plants.

Pre learning

This week's pre learning/ pre viewing is: Maths: We will be reviewing our statistics unit in maths next week, please recap line graphs, timetables and pie charts with your children.

Dahl Class Newsletter

Friday 5th May

We hope you all have a very relaxing weekend! 😊

Mrs Gilham, Mrs Foster and Mrs Holmes

Maths and English

This week in maths the children have been learning about pie charts and how to use the pie to inference data; answering and creating their own questions and identifying patterns.

In English this week, we have continued with the story of Icarus and focussed a lot on SPAG (spelling, punctuation and grammar). Having retold the story in our own way, we are now going to be using the skills learnt from this exercise to eventually write our very own myth! Hopefully we will be able to share some of these in our class assembly!

Dahl class assembly – save the date!

Dahl class will be hosting their class assembly on Monday 15th May which is an opportunity for them to share their learning with everyone from the term so far. Parents and carers are all welcome and encouraged to join us as they have worked hard and independently to create the assembly themselves. The assembly will take place in the morning, starting at 9am and will probably last up to half an hour. We hope to see as many of you there as possible! 😊

Jump Session

On Thursday 11th May we have a Jump workshop in to see Dahl class. This will be linked to our RE topic- Leaders in Religious Communities.

School Shoes

A reminder that children are to be wearing black school shoes not trainers when they are in the classroom and around school. If children would like a pair of trainers for playtimes and lunchtimes this is fine, the children have to take responsibility to change into and back out of these shoes.
