

## Learning this week

This week we took part in fun science investigations and experiments as part of Science Week. We observed the galaxy in the moon dome, baked star biscuits and made up our own recipes, investigated why stars twinkle and even made our own shooting stars!

**Highlight Of The Week** - This week it is really tricky to pick just one highlight from our week, so I'll pick the whole week. The children have been amazed and engaged in such a variety of exciting activities.

## Mountfitchet Castle

We are very excited about our class trip to Mountfitchet Castle on Wednesday 15<sup>th</sup> March. Your child should have brought home a letter with all the information needed, and the permission slip. Please do come and see me with any queries.

# Elmer Class Newsletter Friday 10<sup>th</sup> March

## Fine diner/proud cloud

Our Proud Cloud is: **Max** for his excellent scientific thinking.

Our Fine Diner is: **Jasmine** for always choosing a healthy option from the salad bar.

## Have a fun filled weekend ☺

Mrs Aylott, Mrs Ankers, Mrs Ross  
and Mrs Bowyer.

## Hands on Science

We have had such fun this week being scientists. We had an exciting workshop with Mark from Hands on Science. We were investigating what floats and sinks. We learnt some amazing new words, ask us about disperse and displacement!

## Pre-learning:

Please can you get your child to say their line that they have in our class assembly on Monday morning? We need it loud and clear please.

## Things to remember

- ✓ **Monday** - PE kit to stay in school please. **ELMER CLASS ASSEMBLY 9.15-9.30**
- ✓ **Wednesday** - Home learning in. **ELMER SCHOOL TRIP**
- ✓ **Thursday**- Library books returned.
- ✓ **Friday** - Home learning set.
