

## Fine Diner & Proud Cloud

**Fine diner:** *Oshana for always lining up sensibly at lunchtime and for showing fantastic manners in the dining hall.*

**Proud cloud:** *Emily for putting extra effort into the presentation of her work this week.*

## Dates to remember

- Forest School is back to **Wednesday**
- PE is on Monday.
- World Book Day is Thursday March 2<sup>nd</sup> 2017.

## Story telling

Thank you to all the parents who were able to come and tell a story to the children. They really loved hearing the different stories and have been very inspired by them.

## Pre-learning

Next week we will be focusing on punctuation and grammar. When the children are completing their home learning this week could you please focus on these aspects with them.

# Year 3 Newsletter Friday 3<sup>rd</sup> February

## Learning this week

**English:** This week we have been using research that we completed in a history lesson to write fact files about Roman soldiers. We then shared the facts that we discovered with year 1. The children worked incredibly hard on these fact files and put in 100 % effort with their presentation. We wrote a letter from a Roman Soldier to his parents. During these lessons we focused on paragraphs.

**Maths:** We used the book 365 penguins to carry out some problem solving activities. During these lessons the children learnt to solve problems by working systematically and by using knowledge that they already had e.g. multiplication facts.

*Have a lovely weekend!*

## Pre-learning

After half term the children will be making Roman shields. If you have any large boxes (e.g. packing boxes) or strong card that you could donate to school we would really appreciate it.

Also after half term we will be carrying out a science activity linked to light. Please could all children bring in a cereal box including the plastic bag inside the cereal box (Once it is empty of course!).

## Small acts of kindness

### **HAVING A CLEAR OUT?**

We have just the thing for you!  
Each class will be completing a 'small acts of kindness' project thinking of others within our local or wider community. The Year 3s will be collecting books, toys and clothes to drop off at the Cancer Research Charity shop along the High Street. We would love any unwanted items that are good quality and suitable for donating. Having collected a number of items, the children will walk down to the charity shop and drop them off.

We will be making this trip on FRIDAY 10th FEBRUARY. Please send any donations to school during the week beginning MONDAY 6th FEBRUARY. Thank you!
