

Fine Diner & Proud Cloud

Potter Class:

Fine diner: Rufus for always eating his dinner sensibly in the hall.

Proud cloud: Enzo for putting in 100% effort into his work this week.

Kipling Class:

Fine diner: Beatrix for always being sensible in the hall

Proud cloud: Xabier for working collaboratively with his partner at forest school

Parent's evening

Thank you to all of the parents who attended parents evening. It was lovely to meet you all and talk about how well your children have settled into year 3.

Children in Need

Wear your spots!

Next Friday, please come dressed in spots with a £1 donation for Children in Need.

Mrs Wong, Mrs Haines and Mrs Moss

Year 3

Friday 11th November

Learning this week

This week we have enjoyed using purple mash in the classroom in different areas of the curriculum.

In English the children have learnt how to plan and write a recount linked to an event that they have celebrated. They had some really fantastic ideas so thank you for discussing their ideas beforehand.

In Maths we have been looking at division. The children have been learning to use a number line to divide.

Things to remember

- Trip to Celtic Harmony: 16th Nov
- Yarn bombing: 17th Nov

Celtic Harmony

We are looking forward to our trip to Celtic Harmony next Wednesday. Just a few reminders:

- All children to wear school jumper and dark coloured tracksuit bottoms /leggings/trousers.
- All children to wear trainers or wellies.
- All children to have warm waterproof coats, hats and gloves.
- Healthy packed lunch and drink (Water) in a lunch box. Please remember no nuts.
- £2 for trading activity in a named envelope.

Pre-learning/learning next week

When we have been looking at the children's writing we have noticed that sometimes the tenses are incorrect therefore next week we are going to have a lesson focusing on this. To do this we will be asking the children to write a diary entry of something that they did at the weekend. At the end of the day we would appreciate it if you could ask them to verbally talk about what they have done at the weekend.

In maths we are going to looking at another way of solving division problems which will involve repeated addition. Therefore it would be beneficial to your child if you could practise counting forwards in steps of 2, 5 and 3.

Parent helpers

Now that the children are all settled into year 3 we were wondering if there are any willing parent volunteers who would like to come in and hear children read on a 1:1 basis. If you are able to do this, please could you let us know via the link books what days you are available and which times.

Also if you have any hidden talents that you would like to share as a one off EG sewing, cookery.
