Celtic Harmony

Both classes had a fantastic day out during their visit to Celtic Harmony on Wednesday.

During the visit the children discovered what it was like to live in Stone Age Britain. They were able to find out what it was like to live in a round house, learnt how the people of the stone age made fire, they built shelters in the woods, carved arrow heads, had a go and hunting for animals and also learnt how to trade.

The children were all really well behaved and a credit to the school.

Learning this week

Over the past few weeks the children have been learning how to write recounts. Yesterday they used their newly gained knowledge to plan and write a recount of their trip to Celtic Harmony.

In Maths the children have been continuing to learn to divide. This week they have been using repeated addition on a number line. The children have also looked at remainders and ended the week solving division word problems.

Pre-learning

Next week the children are going to be writing poetry linked to the winter. It would be helpful if you could have a look at some 'wintery' pictures with your child and discuss lots of exciting vocabulary linked to the winter so that they can use it in their poems.
