Learning this week

After successfully planning how to trap the cave bears that were on the loose, the children then discovered a gorilla had escaped from the zoo! The children planned and wrote their own set of instructions for how to trap the gorilla and take it back to the zoo!

This week we have introduced the grid for multiplication. The children have shown resilience in using this new method.

We also completed our cave paintings which we hope that you enjoyed seeing in our classrooms during sharing afternoon.

Reading

After half term we are going to be having a big focus on comprehension. When you are reading with your child please can you make sure you ask them questions about what they have read to ensure they understand what they have read.

Handwriting

Over the holiday please encourage your child to practise their joined handwriting eg when writing birthday cards, post cards and shopping lists.

Forest School

After half term Kipling class, will be going to forest school at the Common. It will be on a Wednesday morning so they will need to have wellies and waterproofs to change into for the session. We will also need some volunteers to come to Forest school with us. Please let the class reps know if you can help.
